

2022 Joy of Sake Sponsorship Information

The Joy of Sake celebrates its twentieth anniversary this year. Since 2001 this annual event has introduced thousands of people to the pleasures of the sake cup. The combination of competition-level sake in peak condition and delicious appetizers from top restaurants draws big crowds every year. For the public, it's a once-a-year chance to experience the wonderful variety of sake being made today. For importers and distributors, it's an ideal opportunity for showcasing their labels to a receptive crowd of sake enthusiasts across a wide demographic.

The Joy of Sake welcomes brewers, importers and distributors to share their knowledge with guests at their tasting booths, helping The Joy of Sake, a non-profit organization, to fulfill its educational mission. Proceeds from sponsorship fees and from entry fees in the U.S. National Sake Appraisal are used to support sake tastings and seminars throughout the year.
